PROFESSIONAL PROFILE

Computer Science graduate and IT professional with hands-on experience in firewall administration, networking, virtualization, cybersecurity monitoring, VPN infrastructure, servers and remote support. Strong practical exposure to FortiGate, TP-Link/Omada, Proxmox VE, Wazuh, SoftEther, OpenVPN and self-hosted RustDesk. Focused on secure, reliable and well-supported IT infrastructure.

CORE TECHNICAL EXPERTISE

Firewall & Network Security

- FortiGate: firewall policies, NAT, VLANs, DHCP and routine firewall checks
- Web filtering, application control and troubleshooting
- Multi-WAN/failover, firmware upgrades and configuration backups
- TP-Link managed switches/Omada: VLANs, trunk/access ports, STP and LACP
- Wi-Fi/AP configuration, MAC whitelist filtering, LAN/WAN, DNS/DHCP and cabling

Virtualization, Servers & VPN

- Proxmox VE - VM management, backups, snapshots and networking
- Windows/Linux VMs, Windows Server, Active Directory and NAS
- SoftEther VPN, OpenVPN and FortiClient/FortiGate VPN

Cybersecurity & Remote Support

- Wazuh - security monitoring, vulnerability detection and File Integrity Monitoring (FIM)
- Security event and log analysis
- Built Wazuh-to-Telegram integration for critical security alerts
- Self-hosted RustDesk deployment and remote IT support

PROFESSIONAL EXPERIENCE

Associate - IT Support | Portcity BPO Pvt Ltd

Mireka Tower, Colombo 05 | May 2026 - Present

Support network, firewall/security, virtualization, server, VPN and end-user infrastructure under senior IT personnel. Provide remote support across Asian locations and work with an on-site environment including 2 firewalls and 9 managed switches.

Junior Executive - Information Systems & Network | Fleming Duty Free (Pvt) Ltd

Katunayake Head Office | Feb 2025 - May 2026

Supported servers/NAS, network infrastructure, VLANs, CCTV, structured cabling, POS devices, printers, Windows/software deployment and end-user troubleshooting.
